

DCPANEL1U

19" High density fiber optic panel

+ BENEFITS

- 19" high density telescopic panel
- High modularity thanks a multiple combination (MTP,LC,Cassette...)
- Full protection against unintentional disconnection thanks a front door
- Easy Installation: Cable management thanks to lateral rings
Rear full access thanks to a back cover

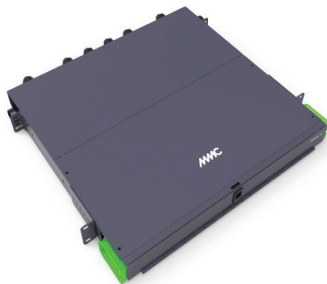

IP 20

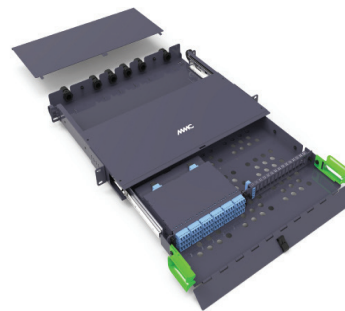

DATA CENTER

SMART

P/N: DCPANEL 1U

P/N: DCPANEL1U with MTP® OM3 slim cassettes & OM3 loaded LC Quad adapter plate

DESCRIPTION

This panel is clearly dedicated for high density applications such as Data center networks, but can obviously be used in other types of networks into building area.

It perfectly fulfills the needs in fast and performance requirement of the Storage Area Network (SAN).

Part of a whole fiber solution, it allows a modular fiber cabling thanks to its multiple combinations of possible connections.
