LSZH cost effective Easy Strip optical pigtaills

EPIGLC2OM3

EPIGLC2OS2

EPIGSC2OM3

EPIGSC2OS2

Applications

The LSZH cost effective Easy Strip optical pigtaills truly fit the singlemode or multimode transmissions modes. These pigtaills offer an attractive solution and bring some benefits that will give full satisfaction to the users for all types of networks such as backbone or distribution cabling links between optical cables and adapters inside the patch panels or the wall boxes.

General characteristics

- Optical pigtaills, multimode or singlemode
- Available in OM2, OM3, OM4 et OS2
- Exists in ST, SC, FC et LC
- Compliant with ROHS standards
- Performances as per ISO, IEC & EIA-TIA related norms.

Physical properties

- Easy Strip optical pigtaills
- semi-loose cable with 900µm OD
- LSZH coating
- 250µm strings with the color as the color of the 900µm jacket
- Supplied with RL/IL individual test report
- Packaging : unit zip bag

Ordering information

Part numbers' structure	EPIG xx X 2 zzz	Packaging
Replace xx by the connector	PC connectors : ST, SC, FC, LC (autres sur demande)	Unit
Replace X by A for APC	8° APC connectors: SC, FC, LC	
Replace zzz by the type of fiber	OM1, OM2, OM3, OM4, OS2
